

BOUTIQUE PHARMACY SEEKS PREMIUM  
CBD PRODUCTS FOR ITS CUSTOMERS

## PASTEUR PHARMACY

### Client Profile

The premier artisanal, hard to find products curated by the owners of Pasteur Pharmacy is what brings a loyal following of customers to their retail locations in New York. Long aisles with a barrage of only the best products for its customers carefully curated by its owners is all you will find on the shelves.

### Business Challenge

On that quest, Pasteur came to High Falls Hemp NY with the distinct privilege to be one of those chosen set of products. The products carried in the store are bestowed a seal of approval by the owners that put it there for their customers.

### Results

Pasteur is one of the first pharmacies to stock High Falls Hemp NY and does an excellent job at educating his staff and customers...Our favorite type of retailer is one which we can partner in that process of education and connection to their community. We often schedule in-store sampling and product education sessions at retailers like Pasteur and look forward to these opportunities. Pasteur stocks the entire High Falls Hemp NY product line.
