

PURVEYOR OF PREMIUM SOAPS LOOKS FOR A
CBD PARTNER FOR ITS CUSTOM LINE

PHOENICIA SOAP CO.

Client Profile

Phoenicia Soap Co. is located in the heart of the Catskills. People often come here to further their harmony with nature. The silhouettes on their soap labels symbolize things that make visiting the Catskills fun. Phoenicia Soap products are plant based, using oils infused with botanicals wild-crafted or sustainably grown in the Catskills. They forego colorants and ingredients that harm people, water, and land.

Business Challenge

When Phoenicia Soaps was on a mission to find the perfect CBD oil to infuse into a special collection of CBD soaps, they came to High Falls Hemp NY. Infusing CBD into soap can be done with any product but they demanded the very best - the most premium, potent products that when blended into the soap would actually elicit a relaxing and calming effect to the body when used. And, that's what they got!

Results

High Falls Hemp NY provides select companies with its proprietarily processed CBD distillate to infuse into their products. These companies have come to us for the consistency in the quality and service of our Full Spectrum CBD distillate.

NEW YORK

“ I use the High Falls Hemp Full Spectrum Tincture to blend into our custom line of CBD soaps and they've turned out great. Our customers love them. And, we love working with a local NY company!

- Barbara Mansfield, Owner
